

Play & Leisure

Zone Fitness

About Us

Founded in 1991 & based in Buckley, North Wales, Play & Leisure Ltd is a family run company leading the way in the design, manufacture and installation of playground, sports & outdoor fitness equipment to the relevant BS EN standards. We are constantly thinking of new, innovative, exciting & fun products to stretch the imagination of children today & in the future. Our products are developed by a team of highly skilled & dedicated designers, who being parents themselves understand the needs of children and what makes them tick. Being an ISO 9001 registered company we pride ourselves in manufacturing high quality equipment using materials sourced locally at our premises in Buckley so you know you are buying British. We are also members of the API, CHAS, SMAS & Constructionline. With all these factors taken in to consideration, you can have peace of mind in knowing that your playground will be putting smiles on children's faces for years to come.

Follow us on:

Zone Fitness

The Zone Fitness range is a new addition to our catalogue of products, but comes with the same quality assurance and 25 year guarantee against structural default, that we offer on all our kit. The entire range is designed and manufactured to conform to the new European Safety Standard BS EN 16630:2015.

Symbols

The Muscle diagram shows which muscle groups are exercised when using that particular item of fitness equipment. This enables fitness areas to be designed to offer full or part body workouts.

4
ALL

This symbol shows that the piece of kit is for all abilities.

Guarantee

All our equipment is manufactured at our UK premises and our structural steelwork meets the highest standards. We guarantee that if any product fails due to a defect in workmanship during a 25 year period, we will repair or replace free of charge all parts found to have a structural defect. This extensive period of guarantee is only possible due to our continual program of quality through every stage of design manufacture, installation and service.
